TRUCK ACCESSORIES

## THE HIGHWAY PRODUCTS STORY & PROMISE

---

Since 1980, Highway Products, Inc. has been building the highest quality truck accessories available. We are still a family owned company, and we proudly employ over 170 hardworking, blue-collar Americans in a 100,000 square foot manufacturing facility.

Our founder, Gene Gros, built Highway Products on simple core values: Build top quality products by hand in the USA and take care of our customers. Our no-hassle Lifetime Warranty is a testament to those principles.

## LIFETIME WARRANTY

---

If you have any issues with the workmanship of any product offered by Highway Products, give us a call, and we'll get you taken care of. We even cover the components that we know fail over time, like gas shocks and weather stripping. We expect you to beat up our products, and you can trust them to last. Other than finishes like paint and powder coat or normal wear and tear like dings and dents, you can have the peace of mind in knowing you really have bought the last truck product you'll ever need to buy.

If an HPI product stops functioning like it should, we'll always make it right! Enjoy peace of mind and know we will take care of you.

## CUSTOMER SERVICE

---

If you do run into an issue, give us a call at 1.800.866.5269 and ask for the Warranty Department. If the product needs repair that would require a local company, call us first so we can figure out the best way to get it done.
